Philip, Peter & Richard Armstrong farm 1400 acres and milk 270 cows in a double twelve parallel parlour and house them in a free-stall barn with mats built in 2001. This herd produces an average of 12,400 kg milk, maintains a SCC of 170,000 and consists of Holsteins classified 65% Good Plus and better. The herd currently runs a Pregnancy Rate (PR%) of 21% and a Conception Rate (CR%) of 31%. This farm operation has three employees and utilizes GEA management software. Calves are raised utilizing a robotic milk feeder. One of the first farms to use Genomics, now in their 6th year for breeding and culling purposes. Armstrong Manor has been recognized with a Herd Management Award. Semex sires currently in use at Armstrong Manor include Marbri Facebook, Larcrest Contrast, Lookout Pesce Snowy, Silverridge V Wickham, Stantons Pulsar and Val-Bisson Doorman.
